NEW JMS PROFILE

If your jail utilizes a jail management system (i.e., JailTracker, GoldenEagle, SOMS, SmartJAIL) you have previously submitted your fingerprints with a Citation number. Effective immediately you will now submit your transactions with a 12-digit ATN instead of the Citation number as the tracking ID. This will eliminate the problem of the jail submitting a citation number that has previously been submitted. If your jail currently logs all arrests fingerprinted within the jail, you will now need to log them by the 12-digit ATN, which can be found at the top of the data entry screen. You will receive your email responses back with this 12-digit number rather than the Citation number.

Fingerprinting Success in Daviess County

Taken from the Evansville Courier Press posting on November 14, 2008.

By Rich Davis

A man arrested on the Natcher Parkway near Owensboro, Ky., in November for driving in reverse is wanted in Tennessee for violating probation on an incest charge and for using his dead son's birth certificate to obtain an identification card.

Brent Allen Frizzell, 45, had been using the name Don Frizzell.

He was arrested Wednesday November 12th by Kentucky State Police and initially charged with reckless driving, having no operators license and failure to wear a seat belt.

However, Daviess County Jail deputies later finger printed Frizzell using the LiveScan that automatically checks federal and state databases for all offenders.

That helped determine Frizzell had been on the run for four years for violating probation and had been using the different identity.

The warrant for violating probation was served at the jail, but further charges are pending.

**These dates are available
first come, first serve, and
will not exceed 15 per session.**

2008 Latent Reverse Search Identifications

For the year of **2008** the following latent reverse search identifications were made. A reverse search is when a set of prints your jail submitted is compared to the state's unsolved latent fingerprint database. This database is composed of latent fingerprints recovered from crime scenes all across the state. If your agency is listed then AFIS made a positive identification with an offender you booked, as they were associated with a previous unsolved crime. Congratulations to those listed below, without them and all detention facilities efforts these identifications would not have been possible.

Allen County Detention Center	2	LaRue County Detention Center	1
Boone County Jail	2	Laurel County Detention Center	2
Bullitt County Detention Center	1	Madison County Detention Center	2
Christian County Jail	4	Marion County Detention Center	1
Clay County Detention Center	1	Mason County Detention Center	1
Daviess County Detention Center	2	McCracken County Regional Jail	6
Fayette County Detention Center	23	Ohio County Jail	1
Fayette County Juvenile Detention	2	Oldham County Detention Center	1
Hardin County Detention Center	6	Pulaski County Detention Center	1
Henderson County Detention Center	6	Rhoderer Correctional Complex	8
Jackson County Jail	1	Shelby County Detention Center	2
Jefferson County Detention Center	205	Simpson County Detention Center	1
Jefferson County Youth Center	4	Union County Jail	1
Kenton County Jail	9	Warren County Detention Center	1
Kentucky State Police	4	Woodford County Detention Center	1

All the above latent reverse search identifications total a positive **302** identifications.
Below is a list of these identifications by crime type.

Type	TOTAL
Homicide	6
Robbery	29
Sex Offenses	4
Burglary	92
Narcotics	6
Fraud/Forgery	9
Theft	23
Personal Identification	121
Misc or Unknown	12

Profiling AFIS

Todd Gregory
Fingerprint Specialist II

Todd began his career in state government in 1992. Originally entering as an employee of the Department of Revenue, he quickly transferred to the Department of Justice with the Kentucky State Police. Todd has now been an employee of the Kentucky State Police for more than 13 years. His expertise encompasses more than just the Automated Fingerprint Identification Section. Beginning in the Criminal Records Dissemination Section he was responsible in helping with the dissemination of all state background checks. After working in that field for more than 7 years he transferred into AFIS where he began to study the field of fingerprints.

Since joining the AFIS family Todd has become a valuable asset. His hard work ethic and previous supervisory experience allows him to continually set the standard for work production within the AFIS section.

His prior experience with the Criminal Records Dissemination Section makes him unique to AFIS, in that, he fully understands the entire process of the state and federal background checks.

Todd's high spirit and positive outlook continually promotes a positive environment for all his coworkers. He is a goal-oriented individual with strong leadership capabilities, organized, highly motivated, and a detail-directed problem solver.

Todd is a tremendous help to the section. He has a bright future and successful career ahead of him with the Kentucky State Police Automated Fingerprint Identification Section.
